

Antoinette Buggle was nominated to the Teaching Council to represent the management bodies at primary level. Antoinette is a member of the Investigating and Finance Committees and the Evidence of Character Panel. She is General Secretary of the National Association of Boards of Management in Special Education (NABMSE) which is based in Kildare Education Centre. Her hopes for the Teaching Council are that it will lead to more emphasis being placed in teacher education programmes on the teaching of children with a range of disabilities. For more than 35 years she has been actively involved with KARE, the voluntary body which provides individualised services to people with intellectual disabilities and their families.
