

AN CHOMHAIRLE MHÚINTEOIREACHTA
The Teaching Council

This document should be read in conjunction with the *General and Special Requirements for Teachers of Recognised Subjects in Mainstream Post Primary Education*. This is to ensure that, irrespective of any modular options you may have taken in your degree studies, you have satisfied all the requirements to teach a particular subject. A copy of the requirements for each curricular subject can be downloaded from the Teaching Council website www.teachingcouncil.ie

1. Teaching Council Requirements

To be eligible for appointment to an incremental salaried teaching position in a voluntary secondary school, other than in a probationary capacity, a teacher must be registered.

The conditions for admission to the Register for Intermediate (Secondary) School Teachers are prescribed by the Teaching Council; a statutory body constituted under the Teaching Council Acts 2001 and 2006, and are set out in the Regulations for the Register.

Each applicant for registration as a secondary teacher must among other requirements:-

- (a) Hold a third-level degree or equivalent, which must, in the opinion of the Council, be adequate to enable the holder to teach at least one of the approved subjects or areas of study approved for the purposes of a course of instruction prescribed in the Rules and Programme for Secondary Schools
and
- (b) Hold training in teaching qualification acceptable to the Council and which is directed towards the age range 12 - 18 years
and
- (c) Complete at least one year of satisfactory teaching experience of approved subjects in a recognised second-level school

The attached list outlines the qualifications (degree and teacher training), which are recognised by the Teaching Council as being appropriate to teaching in a recognised secondary school.

2. Offer of Employment - Necessity to check list of recognised qualifications.

Any applicant whose qualifications are not on the attached list will not be eligible for payment of incremental salary unless and until their qualifications have been fully approved by the Registration Council. In this regard, it is important to take account of the position at (3) hereunder in relation to those recognised as secondary school teachers in other Member States of the European Union.

The attached list reflects the qualifications, which are acceptable to the Teaching Council at the date of this notice. As the Council continues to assess applications for recognition of qualifications received from Colleges/Universities, this list is subject to ongoing change.

3. Teachers recognised as Secondary school teachers, under the terms of EU Directive 89/48, in other Member States of the European Union.

EU Directive 89/48 governs the mutual recognition of professional qualifications for regulated professions including that of Secondary School Teacher. On the basis that school authorities are satisfied to proceed with such an appointment, a teacher recognised in another Member State of the European Union may be appointed provisionally to an incremental salaried teaching position in a voluntary secondary school even though the qualifications of any such teacher will not appear on the attached list. Such appointment would be subject to the teacher producing suitable documentary evidence citing EU Directive 89/48, from the relevant education authority of the Member State in question, of being a recognised secondary school teacher. **However, it is still essential that they contact the Teaching Council immediately to arrange for the qualifications to be assessed by the Registration Council.**

A teacher may be employed at the rate of pay and conditions equivalent to that of a probationer teacher during the period permitted (maximum period of three years) by the Registration Council for compliance with its requirements in relation to shortfalls found in the education and training.

4. Registration of Secondary Teachers – Applications

Each applicant for registration as a secondary teacher must complete a specific application form in order to determine if the conditions for admission to the Register are met. The application form for registration requires the applicant to submit specific documentation relating to the aforementioned conditions for admission to the Register. This documentation is summarised as follows:

1. Documentary evidence of Academic and Training-in-Teaching qualifications
2. Year of Teaching Experience - Only service where the applicant is teaching at least 18 hours per week of approved subjects in a recognised second-level school or schools may be accepted.
3. Certain service as a Guidance Counsellor of a recognised second-level school may also be recognised. It must comprise a minimum of 9 hours of teaching approved subjects together with a maximum of 9 hours group work devoted to teaching Guidance Counselling to comprise the minimum 18 hour requirement.
4. Evidence of Fitness for the Teaching Profession
5. Original Birth Certificate
6. Fee
In order to ensure payment of salary, it is essential that the applicant complies with categories (1) and (4) above at the time of application for registration as a secondary teacher.

IF IN DOUBT IN RELATION TO ANY of THE ISSUES OUTLINED ABOVE, PLEASE CONTACT

Bachelor of Science (Hons) Degree in Earth Science	Geography	*		1
Bachelor of Science Degree in Environmental Studies	Geography	*		1
Bachelor of Science in Government & Public Policy ⁵⁸	Business, Economics and CSPE	*		1
Bachelor of Commerce	Accounting, Business & Economics	*		1
Bachelor of Civil Law (Law and Irish) Degree	Irish	*		1
Bachelor of Arts Degree in European Studies ⁵⁹	*French, German, *Spanish and Italian.	*		1

⁵⁶ Recognised only when applicants have taken the first science area of study in chemistry, maths, physical sciences.

⁵⁷ For recognition to teach Mathematics and Applied Mathematics, the applicant must have studied Mathematics or Applied Mathematics electives for year 2 and year 3 of the course

⁵⁸ Recognised for the purpose of teaching CSPE provided that graduates would subsequently acquire the Higher Diploma in Education with a CSPE elective or a Higher Diploma in CSPE.

⁵⁹ Subject to French / Spanish being taken as the major subject during the Degree course. Spanish offered at UCC has been renamed Hispanic Studies

Bachelor of Science Degree in Accounting ⁶⁰	Accounting, Economics * and Business*	*		1
Bachelor of Social Science ⁶¹	CSPE	*		
Bachelor of Commerce (International) formerly known as the Bachelor of Commerce (European) Degree	Accounting, Business, Economics, Irish, French, German, Spanish (Hispanic Studies) and Italian	*		1
Bachelor of Business Studies Degree	Accounting, Business & Economics	*		1
Bachelor of Civil Law Degree in Law & French	French	*		1
Bachelor of Civil Law Degree in Law & German	German	*		1
Bachelor of Music	Music	*		1
Bachelor of Engineering	Mathematics & Applied Mathematics	*		1
Bachelor of Agricultural Science ⁶²	Agricultural Science & Agricultural Economics	*		1
Bachelor of Science Degree in Environmental & Earth System Sciences ⁶³	Biology	*		
Bachelor of Science Degree (Education and Physical Sciences)	Chemistry & Physics	*	*	
Bachelor of Science Degree Honours in Food Business	Agricultural Economics	*		
Bachelor of Science Degree Honours in Chemistry of Pharmaceutical Compounds	Biology & Chemistry	*		
Higher Diploma in Education			*	1
B. Ed. (Sports Studies) Degree	Physical Education and a second curricular subject ⁶⁴	*	*	

⁶⁰ Economics

Provided that the degree contains in addition to the stated obligatory modules, elective Economics modules in year 2 and year 3.

Business

Provided that in Year 2, the following electives are taken

AP2200 Organisational Behaviour

MG1000 Principles of Management and Organisation and

MG2001 Human Resource Management

AND

In Year 3, two of the following electives are taken,

⁶¹ CSPE-Subject to holding a H Dip in Education to include the methodology of CSPE or a non specific H. Dip together with a Higher Diploma in CSPE

⁶² Recognised in the following programmes only: General Agriculture, Commercial Horticulture, Landscape Horticulture, Animal Production, Agricultural Chemistry

⁶³ Biology is approved with the provision that in Year 3 and 4 that the 'Environmental Biology and Environmental Biotechnology theme' has been followed. Pre 2003 this degree was known as a Bachelor of Science Degree (Hons) in Environmental Science

⁶⁴ The second curricular subject must be taken from the Bachelor of Arts Degree at NUI, Cork and must be the same course as studied in the Bachelor of Arts Degree

Bachelor of Science in Environmental Plant Biotechnology	Biology	*		Approved Dec 2007
Bachelor of Science (Hons) Financial Mathematics & Actuarial Science	Mathematics	*		Approved May 2009

National University of Ireland, Dublin

Qualification Title	Approved Subject	Degree	Teacher Training	Time-tabling	
Bachelor of Arts ⁶⁵	See below	*		1	
Bachelor of Arts (Oscail) ⁶⁶	History, English and CSPE	*
