

Professional Master of Education Subject Declaration Form

IMPORTANT

This declaration form should be returned to the PME provider(s) to which you have applied or the Postgraduate Applications Centre (PAC).

(More details on the last page of this form.)

For persons applying for registration on or after 1 January 2023

Physics & Chemistry

This Subject Declaration Form allows you to match your degree (and other qualifications if applicable) against the Teaching Council's curricular teaching subject requirements. You must meet the requirements for at least one curricular subject in order to be considered for registration as a teacher, having completed your Professional Master of Education (PME).

A declaration form should be completed online, printed and signed by persons applying for entry to the PME.

You should complete a subject declaration form for each subject for which you are seeking Teaching Council registration.

The requirements for the curricular subject **Physics & Chemistry** are set out on page 2.

For details of all other curricular subjects [click here](#)

Applicants should note that declarations made on this form will be considered by the PME provider(s) when determining offers of places on the PME. **Any material errors or misleading declarations made on this form may result in the withdrawal by the PME provider of (an offer of) a place or other such action as the PME provider determines appropriate.**

If you are offered a place on the PME, and have granted permission, this declaration will be forwarded to the Teaching Council. The Council will advise if you meet the registration requirements.

Based on this declaration form and your transcripts of undergraduate results, the Teaching Council will confirm if you will be eligible to register as a teacher after successful completion of the PME. The Teaching Council will also confirm the curricular subject(s) that will be recorded on the Register of Teachers.

Physics & Chemistry

In order to meet the registration requirements set down in the Teaching Council [Registration] Regulations in respect of the curricular subject of Physics and Chemistry, an applicant must meet **all** of the following criteria:

Applicants should note that meeting the registration requirements for the curricular subject of Physics and Chemistry (combined syllabus) does not automatically imply that registration requirements for the individual subjects of Physics or Chemistry have been met.

- 1**
 - (a) Applicants must hold a degree-level qualification, with Physics and Chemistry studied up to and including third-year level or higher (or modular equivalent).
 - (b) The qualifying degree must be equivalent to at least Level 8 on the National Framework of Qualifications (NFQ) and with a minimum pass result in all examinations pertinent to the subject of Physics and Chemistry.
 - (c) The qualifying degree must carry at least 180 ECTS (European Credit Transfer System) credits (or equivalent) with the specific study of Physics and Chemistry comprising at least 60 ECTS credits (or equivalent).

- 2** The study of Physics and Chemistry during the qualification must show that the holder has acquired sufficient knowledge, skills and understanding to teach the Physics and Chemistry syllabus/specification to the highest level in post-primary education (see www.curriculumonline.ie).

To meet this requirement the degree must include the study of at least four of the following Physics areas (a) to (g) and at least two of the Chemistry areas (h), (i), and (j):

- a) Mechanics
- b) Quantum Mechanics
- c) Oscillations, Waves, Acoustics
- d) Thermodynamics
- e) Light and optics
- f) Electromagnetism
- g) Particle Physics

The degree must also include the study of at least two of the following Chemistry areas:

- h) Organic Chemistry
- i) Inorganic Chemistry
- j) Physical Chemistry

- 3** Laboratory/practical work must be completed in the course of the degree.
