Learning for All - Webinar Series

Learning for All is a live webinar series from the Teaching Council and Professional Development Service for Teachers (PDST). Ten live webinars were hosted in 2020. All recordings are available below.

The series returns on 21 January 2021 with the same aim of connecting good ideas across school communities, and reassuring everybody that we are never as alone as we think we are.

The first webinar of 2021 'Plus Ça Change - Fostering Inclusive Learning Anew' will address questions relating to the opportunities and challenges of the current way of learning. Particular attention will be paid to the contexts of DEIS and inclusive education and we will discuss and signpost practical supports available for teachers and principals. We will also revisit the importance of school communities connecting with each other to ensure sustainable ways of working for all.
