

## Covid-19 Amendment Regulation (CAR) Subject Declaration Form

# Technology

---

This Subject Declaration Form allows you to match your degree (and other qualifications if applicable) against the Teaching Council's curricular subject requirements. You must meet the requirements for at least one curricular subject in order to be eligible for registration as a Post-primary teacher, having also completed a programme of Post primary initial teacher education that meets the Council's requirements.

This declaration form should be completed, printed and signed by persons applying for registration as a Post-primary teacher under CAR and forwarded with the CAR-01 (COVID-19 Amendment Regulation) Application Form.

You should complete a subject declaration form for each subject for which you are seeking Teaching Council registration.

The requirements for the curricular subject **Technology** are set out on page 2.

For details of all other curricular subjects [click here](#).

**Any material errors or misleading declarations made on this form may result in refusal of registration.**

Based on this declaration form, your transcripts relating to the curricular subject sought and the transcripts of your initial teacher education qualification, the Teaching Council will confirm if, you will be eligible to register as a Post-primary teacher and which curricular subject(s) will be recorded on the Register of Teachers.

The information you provide on this form is a guide only and will be used to inform the Council's assessment process. The final decision on the suitability of content and credits allocated will be made by the Teaching Council. You will be registered for the curricular subject(s) for which you meet the requirements in full. If you do not meet the requirements in full for any subject you may be registered for the subject for which you are closest to meeting requirements (subject to conditions) as determined by the Council.

In order to meet the registration requirements set down in the Teaching Council [Registration] Regulations in respect of the curricular subject of Technology, an applicant must meet **all** of the following criteria:

## 1

- (a) Applicants must hold a degree-level qualification, with Technology studied up to and including third-year level or higher (or modular equivalent).
- (b) The qualifying degree must be equivalent to at least Level 8 on the National Framework of Qualifications (NFQ) and with a minimum pass<sup>1</sup> result in all examinations pertinent to the subject of Technology.
- (c) The qualifying degree must carry at least 180 ECTS (European Credit Transfer System) credits (or equivalent) with the specific study of Technology comprising at least 60 ECTS credits (or equivalent) and with not less than 10 ECTS credits (or equivalent) studied at third-year level or higher (or modular equivalent).

## 2

The study of Technology during the degree must show that the holder has acquired sufficient knowledge, skills and understanding to teach the Technology syllabus<sup>2</sup> at all levels up to and including the highest level in post-primary education (see [www.curriculumonline.ie](http://www.curriculumonline.ie)). To meet this requirement the degree must include the study of all of the following:

Essential areas of study

- (a) Product Design and Manufacture<sup>3</sup>
- (b) Materials Technology and Processing<sup>4</sup>
- (c) Applied Electronic and Control Systems<sup>5</sup>
- (d) Information and Communications Technology
- (e) Manufacturing Systems<sup>6</sup>
- (f) Structural & Mechanical Systems.

## 3

Applicants must also have completed a programme of post-primary initial teacher education (age range 12-18 years) in which the theory, methodology and practice of teaching Technology forms the central aspect. It must include a detailed knowledge of the Health & Safety requirements and associated pedagogical approaches.

1 which includes pass by compensation.

2 as approved by the Minister for Education and Skills, and published by the National Council for Curriculum and Assessment (NCCA).

3 This must include engagement with the design of artefacts to include the integration of mixed technologies, the development of craft knowledge and skills, and the use of associated graphic communication techniques and Computer-Aided Design.

4 This must include the development of skills in the processing of a variety of materials including the use of Computer-Aided Manufacture. A particular focus on Health & Safety must be demonstrated.

5 This must include engagement with applied electronic and control systems suitable for use in the second level educational system.

6 This must include project and quality management.

Please answer questions 1-5 below and insert module code(s), module title(s) and ECTS credit values as required.		
<b>1</b>	Is your degree equivalent to a least a Level 8 on the Irish National Framework of Qualifications (NFQ)?	Yes No
<b>2</b>	Does your degree carry a minimum of 180 ECTS credits (or equivalent)?	Yes No
<b>3</b>	Do your studies in Technology carry a minimum of 60 ECTS credits (or equivalent)?	Yes No
<b>4</b>	Do your studies in Technology include the study of not less than 10 ECTS credits (or equivalent) at third-year level or higher (module equivalent)?	Yes No
<b>5</b>	Do your studies in Technology include the study of all of the following:	
	(a) Product Design and Manufacture	Yes No
	(b) Materials Technology and Processing	Yes No
	(c) Applied Electronic and Control Systems	Yes No
	(d) Information and Communications Technology	Yes No
	(e) Manufacturing Systems	Yes No
	(f) Structural & Mechanical Systems	Yes No

**In relation to questions 3, 4 and 5 above, please list below the code(s), title(s) and ECTS credit values for each module studied.**
